Accessories Catalog Motorcycles & Scooters

Roger Sabater

Passionate about motorcycles and mechanics, Roger Sabater created Ermax in Marseille, 44 years ago.

At the beginning, it was just a little shop where accessories such as fairings, nose fairings, exhaust systems and personalized paintings were assembled.

The difficulty to find quality suppliers who actually respected the deadlines triggered, despite the lack of funding, the research and elaboration of an oven to receive the raw material, a thermoforming press for Plexiglass or ABS, and a painting cabine - the aim being to become autonomous and propose a full service to customers.

A new brand was born, and their accessories (ranging from screens to painted parts) delight fans from France and all over the world.

Ermax's design and innovation have, over the years, changed the appearance of motorcycles, and more recently, scooters.

Racing is also a big part of Ermax's soul, many times world champion in all categories. The best teams, in endurance (such as the GMT 94 who won in 2017) as well as in Grand Prix (such as Red Bull KTM Tech3 MotoGP & Moto3, CIP Moto3) made no mistake by choosing and remaining faithful to Ermax.

Summary

If you can not find your model in this catalog,
please visit: www.ermac.com

Ermax® Racing & Aeromax® racing screen for racing bikes only	04 to 05
Ermax®-design industrial subcontractor	06 to 07
