→ BRAND MISSION

Deviating from your normal path, venturing into the unknown, travelling longer distances or simply challenging the daily traffic to reach the office.

For Kappa it doesn't matter. As the most important thing is that you do it in full comfort and safety and that you do it on two wheels, in your own individual way. For 60 years Kappa has devoted all its efforts to improve the lives of riders.

Roads, open spaces and horizons have become the central characters. Our history, and that of our products, are just a backdrop to each individual rider all over the world. Kappa chose to express and share its passion for two wheels, working hard day by day, trip after trip, for every solution, with every material, devoting everything to those who live their lives on their motorcycle.

Kappa symbolizes the values of quality and reliability associated with Italian manufacturing, which is universally recognized worldwide for its distinctive features. Choosing to merge artisan culture, a passion for motorcycles and innovative design, we are able to offer to the marketplace cutting-edge products, designed to ensure comfort and safety, guaranteed by a team with more than half a century of history and experience. With a market presence of almost almost sixty years, Kappa's experience can be considered one of the most solid and viable in the production of accessories for the world of motorcycling. After the success of the first top-case (N9900) in 1980, production has been extended and specialized, thanks to the desire to satisfy every riding need. This ultimately evolved into the creation of a wide range of racks, windshields, screens, engine guards, backpacks, helmets and accessories with a modern and innovative design, able to meet the expectations of the modern rider, ensuring a perfect quality to price ratio.

KAPPA

UNIVERSAL AIRSTREAM 4 JOINT POINTS

KAF49	Universal sliding wind-screen, transparent, with 4 point handlebar, complete with fitting kit KD45 to be mounted instead of the original screen Maximum height 53 cm (12 cm of extension) width 52 cm
KD45	Only fitting kit for KAF49

AIRSTREAM is the universal adjustable windscreen. The transparent polycarbonate spoiler can be moved along a 12cm axis and once at the desired height, it is secured with two sturdy plastic clamps. For increased protection against the wind, Airstream has been designed to create an aerodynamic effect which can limit possible turbulence to a minimum. To this characteristic we need to add the increased riding safety in the event of rain, achievable by completely lowering the spoiler. This operation eliminates the drops effect on the glass, which along with that formed on the helmet's visor, distorts images and is aggravating when riding in poor lighting conditions or after sundown. Airstream can also be easily left mounted during the summer months: the motorbike would simply have the lower section mounted to the vehicle and the moving spoiler would be completely removed.

SPECIFIC AIRSTREAM

KAF330	BMW R 1200 GS (04 → 12) Specific Airstream sliding wind-screen transparent. Maximum height 54 cm (12 cm of extension) width 54 cm. Complete with specific fitting kit / to be mounted instead of the original screen

Suzuki DL650 V-Strom (17 → 20) Specific sliding wind-screen transparent, Airstream. Maximum height 50 cm (12 cm of extension) width 43 cm to be mounted instead of the original screen

→ **SPECIFIC SCREEN - LIME SCREEN COLLECTION** →NEW

The name of this new collection mimics **LIME GREEN**, the iconic Kawasaki colour. It exploits a photosensitive pigment, adopted by KAPPA on their BLUE windshields, illuminating the outline of the screen bright green. This is a real "twinning" project, given the exclusive installation on the models from the Akashi factory

KD4121GR	Kawasaki Versys-X 300 (17 → 20) Specific "LIME" screen
-----------------	---

KA4118GR ↘	Kawasaki Z900 (17 → 19) Specific "LIME" screen 37 x 32 cm (H x W)
----------------------	---

KA4117GR ↘	Kawasaki Z650 (17 → 19) Specific "LIME" screen 28 x 33 cm (H x W)
----------------------	---

→ SPECIFIC SCREEN - BLUE LINE COLLECTION

A new screen was created by KAPPA with an exclusive feature: when lit by car headlights in poor lighting conditions, the edge of the screen takes on a fluorescent blue colour that notably increases the visibility of the motorcycle.
The new "BLUE LINE" screen has excellent aerodynamics and promises to give you an individual, personal touch without radically changing its style whilst guaranteeing increased visibility and safety for the rider.

KD1128BL	SH 125i-150i ABS (12 → 16) Specific BLUE LINE screen, to be fixed with original Honda fitting kit 36,5 x 45 cm (H x W)
-----------------	--

KA1152BL	Honda CB 500 F (16 → 18) Specific BLUE LINE screen 28 x 36,5 cm (H x W)
-----------------	---

KA3113BL ↘	Suzuki GSX S 750 (17 → 20) Specific BLUE LINE screen 28 x 36,5 cm (H x W)
----------------------	---
